

# He Tono Call for Registrations of Interest (ROI)

## Kia Piki Te Ora Māori Suicide Prevention Services

ROI released: 25 January 2023

Deadline for Questions: 10 February 2023

Deadline for Submission: 11.59pm Sunday 26 February

# Te Kaupapa - The opportunity

Te Aka Whai Ora is inviting Hauora Māori partners to submit a **Registration of Interest (ROI)** / tono to deliver **Kia Piki Te Ora Māori Suicide Prevention Services**.

This is an exciting opportunity to be involved in a significant re-design, enhancement and expansion of Kia Piki Te Ora Māori Suicide Prevention Services in Aotearoa. Te Aka Whai Ora intends to invest approximately \$4.3 million per annum towards re-imagined Kia Piki Te Ora services nationally. These services will reflect the aspirations of whānau, hapū and iwi living in localities across Aotearoa that are fundamentally underpinned by te ao Māori approaches to Suicide Prevention.

This is a two-stage commissioning approach reflecting Te Aka Whai Ora's commitment to the vision of Pae Ora to commission services that best meet the needs of Māori whānau and localities in partnership with our communities.

## Ngā āhuatanga e hiahiatia ana - What we need

**Tirohia te pae whānui, tuātu i te pō. Tūramarama ki te ora, whakamauā kia tīnā!**

*See the broad horizon (beyond the darkness), hold on to life!*

Successful partners (identified through the ROI) will be supported to co-design local and regional Māori Suicide Prevention services in partnership with Te Aka Whai Ora, lived experience leadership and the voices of whānau bereaved by suicide driving our service design process.

On completion of the co-design process, formal proposals will be submitted by Hauora Māori partners with the intention for new services to be in place from 1 July 2023.

Our intention is for approaches and/or services to be available and responsive to communities across Aotearoa.

This will not be an easy undertaking and Hauora Māori partners who are interested in this opportunity will need to demonstrate their connectedness to their communities, dedication and commitment to working in partnership, and most importantly reflect the values and vision of our communities for a future without suicide.

## Ngā āhuatanga kāore i te hiahiatia - What we don't want

We do not want registrations from partners who are interested in delivering suicide postvention services, primary or secondary care response services, mainstream service models or single provider responses that do not demonstrate strong and robust relationships with Hauora Māori partners who are well-connected to whānau who would benefit most from Māori Suicide Prevention Services.

## Ngā whāinga matua - What's important to us?

This ROI is all about who you are as Hauora Māori partners, how you work with other partners and providers, your values and aspirations for your communities and how these are reflected in your organisations.

## Mā wai e tono? - Who should apply?

Te Aka Whai Ora will accept individual or collective responses from Hauora Māori partners that are legal entities (or can identify a legal entity for us to contract with). Hauora Māori partners who are health or disability providers, Māori businesses, Māori non-government organisations, Māori commissioners and iwi/hapū/Marae entities that are 75% or more owned by Māori and 75% or more governed by Māori.

## He pitopito kōrero mō mātou - A bit about us

**E kore tēnei whakaoranga e huri ki tua o aku mokopuna**

*Our mokopuna shall inherit a better place than I inherited*

Te Aka Whai Ora Māori Health Authority is an independent statutory authority established under the Pae Ora Act 2022.

Our role includes leading and monitoring transformational change for the hauora health and wellbeing needs of whānau Māori. This includes but is not limited to:

- Manifesting the aspirations, objectives and imperatives of whānau, hapū and iwi
- Directing and guiding the entire health system to understand and respond to needs of whānau Māori
- Upholding the wairua of collective contribution - leading to greater health and wellbeing for all in Aotearoa New Zealand
- Indigenising the health system - driving growth within the Māori workforce by supporting our existing staff, and ensuring Māori have a clear pathway into hauora health mahi.
- Whānau will be the voice and capability that drives the design and delivery of health services in Aotearoa, better meeting the needs of Māori.

Whakahiko i te oranga whānau will become our reality with realising tino rangatiratanga as both the pathway and goal.

# SECTION 1: Key Information

## 1.1 Context

- a. This Registration of Interest (ROI)/tono is an invitation to submit a Registration of Interest in the Kia Piki Te Ora Māori Suicide Prevention Services co-design opportunity.
- b. This ROI is the first step in a two-step procurement process. After evaluation, successful partners will be contracted to undertake a co-design process for local and regional models of care. On completion of the co-design process, partners will submit their final models for review, evaluation, and approval to inform the contracting process.
- c. Service agreements will then be issued for approved service models. Hauora Māori partners selected to progress to the co-design process are not automatically guaranteed service agreements until they have successfully completed the co-design process and are awarded a service agreement by the second-stage evaluation panel(s).

## 1.2 Our timeline

Here is our timeline for this ROI (all are Aotearoa times and dates):

Deadline for Questions from Respondents: 10 February 2023

**Deadline for Registrations:** 11.59pm 26 February 2023

Shortlisted Respondents will be requested to attend a panel session via Microsoft Teams to speak to their ROI submission: 27 February – 17 March 2023

Hauora Māori Partners notified of successful progression to co-design  
week starting 20 March 2023

Co-design Contract start date 1 April 2023

## 1.3 How to contact us

- a. Contact us through our Point of Contact via email or the Government Electronic Tenders Service (GETS).
- b. Our Point of Contact:

**Name:** Oranga Hinengaro Commissioning

**Email address:** [orangahinengaro@health.govt.nz](mailto:orangahinengaro@health.govt.nz)

## 1.4 Developing and submitting your Registration

- a. This is an open, competitive tender process.
- b. Take time to read and understand the ROI. In particular:
  - i. understand our Requirements. These are in Section 2 of this document
  - ii. understand how your Registration will be evaluated. See our Evaluation Approach in Section 3 of this document.
- c. For resources on submitting a Registration: [www.procurement.govt.nz](http://www.procurement.govt.nz).
- d. If you have any questions, contact our Point of Contact before the Deadline for Questions (see 1.2 above).
- e. Use the Response Form (download from GETS) to submit your Registration.
- f. Complete and sign the declaration at the end of the Response Form.
- g. Check you have provided all the necessary information in the correct format and order.
- h. Submit your Registration before the Deadline for Registrations.

## 1.5 Address for submitting your Registration

Submit your Registration via upload to GETS.

**We will not accept Registrations sent by post, emailed or delivered to our office.**

## 1.6 Our ROI Process, Terms and Conditions

The ROI is subject to the ROI Process, Terms and Conditions (shortened to ROI-Terms) described in the ROI Process, Terms and Conditions.

## 1.7 Later changes to the ROI or ROI process

- a. After publishing the ROI, if we need to change anything or provide additional information we will let all Respondents know by [placing a notice on the Government Electronic Tenders Service (GETS) at [www.gets.govt.nz](http://www.gets.govt.nz)
- b. If you have subscribed through GETS for the ROI you will automatically receive notifications of any changes through GETS.

## 1.8 Kia Piki Te Ora Delivery locations

We are seeking responses from Hauora Māori partners based across Aotearoa. As part of the response form, you will be invited to confirm the areas you wish to deliver services to. This could include, but is not limited to:

- Territorial Local Authority Areas
- Former District Health Board (DHB) coverage areas
- Other such as Iwi Māori Partnership Board or locality boundaries where available (please state)

NOTE: Funding allocation per region is yet to be determined. However, our intention is for funding to be allocated based on prevalence of Māori population, suicide, and self-harm presentations with an adjustor for rurality to ensure services are available across Aotearoa and best placed to support efforts to improve access to services and equity of outcomes for Māori whānau.

## 1.9 Define terms

These are shown by the use of capitals. You can find all definitions at the back of the ROI Process, Terms and Conditions.

## SECTION 2: Our Requirements

This is an exciting opportunity to be involved in a significant re-design, enhancement and expansion of Kia Piki Te Ora Māori Suicide Prevention Services in Aotearoa. Re-imagined Kia Piki Te Ora services will reflect the aspirations of whānau, hapū and iwi living in localities across Aotearoa that are fundamentally underpinned by te ao Māori approaches to Suicide Prevention.

This is a two-stage commissioning approach reflecting Te Aka Whai Ora's commitment to the vision of Pae Ora to commission services that best meet the needs of Māori whānau and localities.

Successful partners (identified through the ROI) will be supported to co-design local and regional Māori Suicide Prevention services in partnership with Te Aka Whai Ora, lived experience leadership and the voices of whānau bereaved by suicide driving our service design process.

On completion of the co-design process, formal proposals will be submitted by Hauora Māori partners with the intention for new services to be in place from 1 July 2023.

Our intention is for approaches and/or services to be available and responsive to communities across Aotearoa.

This will not be an easy undertaking and Hauora Māori partners who are interested in this opportunity will need to demonstrate their connectedness to their communities, dedication and commitment to working in partnership, and most importantly reflect the values and vision of our communities for a future without suicide.

This ROI is all about who you are as Hauora Māori partners, how you work with other partners and providers, your values and aspirations for your communities and how these are reflected in your organisations.

### Te Aka Whai Ora Outcomes Framework

Te Aka Whai Ora has developed an interim Oranga Whānau Outcomes Framework. Hauora Māori partners will be expected to demonstrate how they intend to align to the framework to co-design and develop local and regional Māori Suicide Prevention Services.

### Every Life Matters – Suicide Prevention Strategy 2019-2029

#### He Tapu te Oranga o ia tangata

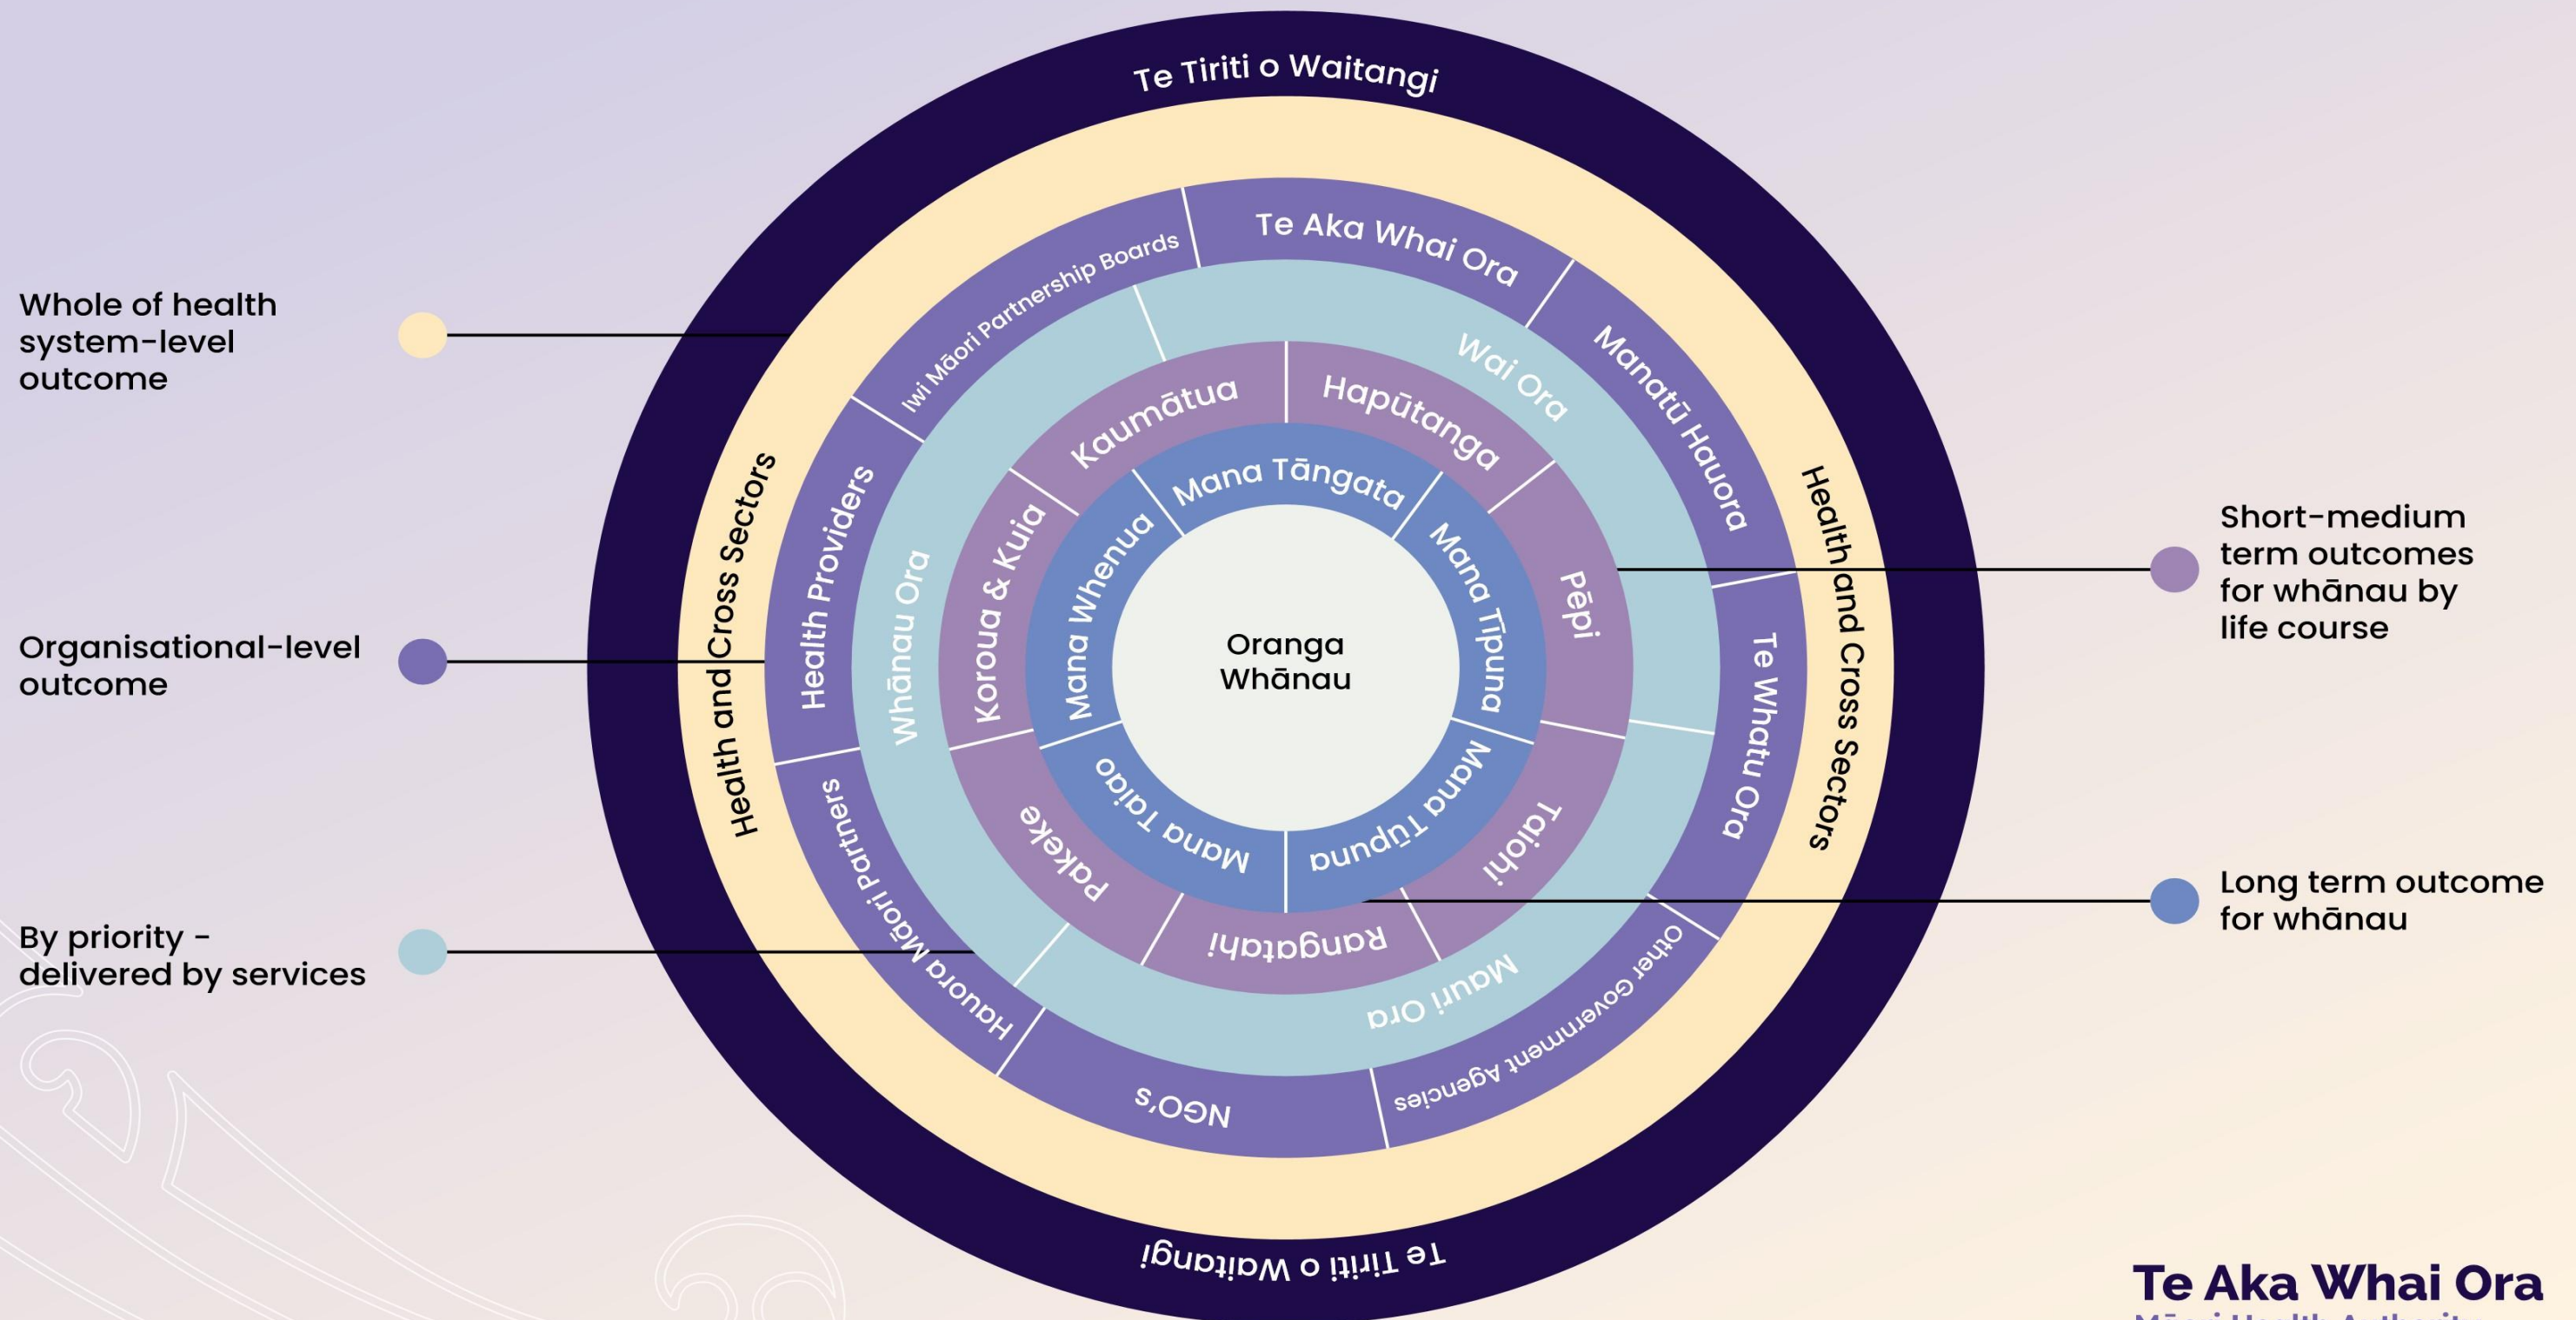

Strengthened Kia Piki Te Ora services will be critical in achieving Every Life Matters. Hauora Māori partners will be expected to demonstrate how they intend to align to the Suicide Prevention Strategy in the delivery of strengthened and enhanced Kia Piki Te Ora local and regional Māori Suicide Prevention Services.

Achieving a future where there is no suicide is an ambitious, long-term vision. When this vision is achieved, the suicide rate will have reduced, and every person and their whānau or family is more likely to have increased confidence and feel their life matters through:

- whakapapa – having a strong identity, knowing where they come from and where they belong
- tūmanako – having self-worth and being optimistic about their future
- whanaungatanga – being connected with others: friends, whānau and families, and wider communities
- atawhaitanga – receiving support that responds to their distress with compassion, respect and understanding, and supports healing and recovery
- kia mōhio, kia mārama – knowing where and how to access support
- mauri tau – having easy access to support that recognises and responds to their needs when they are affected by suicide.

## December 2022

**Te Aka Whai Ora**  
Māori Health Authority

	Outcomes for tangata whenua in Aotearoa New Zealand				
	ORANGA WHĀNAU				
At a population or whole of Aotearoa NZ level.	Mana Tāngata	Mana Atua	Mana Tūpuna	Mana Whenua	Mana Taiao
Longer term.	Whānau are proudly Māori within the modern world. They are healthy and prospering, enabling future generations to live well. The hauora system is free from racism, responsive and valued. Societal inequities no longer exist in Aotearoa. Whānau lead action for community wellbeing and are able to exercise decision making authority	Our wairuatanga continues to be a pillar of our wellbeing. Our whānau are thriving in te ao Māori and wider society is inclusive and welcoming toward them. Our belief practices are revitalized and practiced in health care and support the health of whānau throughout Aotearoa.	Ancestral wisdom underpins our wellbeing. Mātauranga Māori has guided us in our determination to flourish. Our whakapapa is affirmed and the beauty of our reo, kawa and tikanga are appreciated and experienced throughout Aotearoa. Our task now is to enable future generations to ensure intergenerational transmission to retain knowledge and wisdom so they too can flourish in the face of future challenges.	Our wellbeing is indivisible from whenua which nurtures, grounds, protects, advances and contributes to our wellbeing. Through the applications of tikanga we live as tangata whenua, growing our traditional tenure over lands, territories and waterways. Our land is a foundation for health, social, and economic wellbeing	Ranginui and Papatūānuku are our enduring foundations for health. When they are sound, they enhance our health and the wellbeing of other forms of life. The design of built environments and communities are health protecting.  In 2040 all people of Aotearoa have been inspired to transform behaviour to respect the natural world and underline the importance of kaitiakitanga.
Example population-level data (existing data sets) <sup>1</sup>	In design <sup>2</sup> .  Example, A reduction in the LE disparities between Māori and sole European	In design	In design	In design	In design

Short to medium term health sector CONTRIBUTION to the longer-term outcomes: in 2040, we will see Tangata Whenua in Aotearoa:

Outcomes for whānau by life course	Hapūtanga (>0)	Pēpi (0-5)	Taiohi (6-11)	Rangatahi (12-19)	Pākeke (20-40)	Koroua & Kuia (41-65)	Kaumātua (65+)
Overall	Māmā (and their whānau) are cared for and are well from pre-conception to birth. They have pregnancies free from harm and have culturally and clinically safe birthing experiences.	Pēpi (and their whānau) receive the best possible health service tailored to their immediate needs and delivered by a clinically and culturally safe workforce	Every Taiohi knows they belong with their whānau, and they are at the centre of decision making with their whānau. Their experience of health services is free from harm delivered by a cultural and culturally safe workforce.	Rangatahi (and their whānau) feel safe and protected. They experience high-quality services that are easy to access and navigate.	Pākeke and their whānau find services are easy to access and navigate and give clear and relevant health messages so that individuals and whānau can effectively manage their own health, keep well, and live well.	Koroua & Kuia (and their whānau) are self-managing, living healthy lifestyles and confidently participating in te ao Māori and in society	Kaumātua (and their whānau) are cared for and are offered a korowai of services, which will wrap around to keep them warm and safe.
Healthy lifestyles and environments	Māori flourish and thrive in environments that enables good health and wellbeing.  Whānau are supported to live healthy and well lifestyles in ways that are meaningful to whānau.						
Access	Whānau have equitable access to the resources <sup>3</sup> they need to be as healthy as they can be, which includes prevention of ill health as well as access to services and solutions that promote and maintain oranga   wellbeing						
Experience	Māori, as direction setters of health services, have pathways to care that meet their immediate needs as well as their future needs across all stages of life.  Whānau have good health, and that the health system works to ensure that the way it delivers services across the continuum of care, from prevention to specialist services for Māori at all ages.  Service providers recognise Māori mana Motuhake. All health and disability services are provided in a culturally safe way that recognises and supports the expression of hauora Māori models of care.						
Cultural, clinical safety and Service options and choices	Whānau experiences services that are free from racism, bias, and discrimination. They have options and choices based on the ‘best of’ clinical and culturally safe care. Options and choices include te ao Māori and mātauranga Māori informed services as well as Taurite services.						
Enablers: workforce	Whānau are served by a workforce that respects and values the indigeneity of tangata whenua. The composition of the health sector workforce reflects the communities it serves. The Māori health workforce is in positions of leadership and influence to effect sustainable systems and service transformation. New workforce growth is invested in and proactively planned. Allies in the non-Māori workforce are supported to effect change and influence improved Māori outcomes.						

## 2.1 Background

This ROI relates to **Kia Piki Te Ora Māori Suicide Prevention Services**.

Previously these services have been provided by existing Kia Piki Te Ora service providers with limited geographical coverage. Going forward we wish to strengthen and enhance services and expand services to achieve national coverage.

Re-imagined Kia Piki Te Ora services will reflect the aspirations of whānau, hapū and iwi living in localities across Aotearoa that are fundamentally underpinned by te ao Māori approaches to Suicide Prevention.

This is a two-stage commissioning approach reflecting Te Aka Whai Ora's commitment to the vision of Pae Ora to commission services that best meet the needs of Māori whānau and localities.

Successful partners (identified through the ROI) will be supported to co-design local and regional Māori Suicide Prevention services in partnership with Te Aka Whai Ora, lived experience leadership and the voices of whānau bereaved by suicide driving our service design process.

On completion of the co-design process, formal proposals will be submitted by Hauora Māori partners with the intention for new services to be in place from 1 July 2023.

Our intention is for face-to-face services to be available and responsive to communities across Aotearoa.

This will not be an easy undertaking and Hauora Māori partners who are interested in this opportunity will need to demonstrate their connectedness to their communities, dedication and commitment to working in partnership, and most importantly reflect the values and vision of our communities for a future without suicide.

## 2.2 Key outcomes

The Key Outcomes outlined below reflect the key outcomes of the first stage of this two-stage procurement process i.e. these are the outcomes we wish to see in terms of the Hauora Māori partners who will be delivering future Kia Piki Te Ora services.

#1	Hauora Māori partners have the <b>capacity and capability to deliver enhanced Kia Piki Te Ora services</b>
#2	Hauora Māori partners are <b>able to demonstrate their commitment to lived experience service design and meet tangata whai ora expectations</b>
#3	Hauora Māori partners delivering Kia Piki Te Ora services have <b>robust and trusting relationships across the Hauora Māori and mainstream orange hinengaro sector</b>
#4	Hauora Māori partners delivering Kia Piki Te Ora services <b>have the mana, confidence and respect of whānau, hapū, iwi and local communities</b> to deliver Kia Piki Te Ora services

## 2.3 Contract term

For successful applicants, this ROI will result in a co-design contract for a term of 3 months (1 April 2023 – 30 June 2023) providing funding for Hauora Māori partners to undertake a co-design process in their local communities to design local and regional models of care for enhanced and expanded Kia Piki Te Ora services.

## 2.4 Contract Value

We estimate the value of this Contract to be \$30,000 for each identified Hauora Māori partner to design and develop their local model of care. A further \$30,000 will be awarded to one Hauora Māori partner to lead the design and development of a regional model of care for each region. This partner will be chosen from amongst the Hauora Māori rūpū in each region following confirmation of successful Hauora Māori partners through this ROI process.

## 2.5 Key deliverables

Description	Indicative date for delivery
Develop co-design project plan	14 April 2023
Submit final service model of care	23 June 2023

## SECTION 3: Our Evaluation Approach

This section sets out the Evaluation Approach that will be used to assess and shortlist Registrations.

Responding to the ROI is simplified. This means your submission can be by pre-recorded verbal or video presentation, in writing on the template supplied or in a format of your choosing in English or te reo Māori – or a mixture of some or all. Small Hauora Māori partners are encouraged to apply and multi-partner registrations are expected across much of Aotearoa.

### 3.1 Evaluation model

The evaluation model is “Weighted Attribute”. Registrations that meet the Requirements are scored according to the evaluation criteria weightings (see table below), and the Successful Respondents will most likely be the one whose Registration scores the highest in each area.

### 3.2 Pre-conditions (See [Rule 28](#): Pre-conditions for more information).

Each Registration must meet the following pre-conditions. Te Aka Whai Ora will not consider Registrations which fail to meet these conditions.

**These are examples only, insert your own pre-conditions here.**

#	Pre-conditions	Meets
1.	Hauora Māori partners are able to apply for this ROI only. Partners must be an existing Hauora Māori partner <b>OR</b> are a health or disability provider, Māori businesses, Māori non-government organisations, Māori commissioners and Iwi/hapū/Marae entities that are 75% or more owned by Māori and 75% or more governed by Māori.	[Yes/No]

### 3.3 Evaluation criteria

Te Aka Whai Ora – Māori Health Authority evaluates Registrations which meet all pre-conditions according to the following criteria and weightings.

Criteria	Weighting
1. Organisational Capability	20%
2. Lived experience and meeting Tangata Whaiora expectations	30%
3. Relationships	30%
4. Experience in delivery of suicide prevention (and/or equivalent) services	20%
Total weightings	100%

### 3.4 Scoring

Rating	Definition	Score
<b>EXCELLENT</b>	Respondent demonstrates exceptional ability, understanding, experience and skills. Quote identifies factors that will offer potential added value, with supporting evidence.	<b>9-10</b>
<b>GOOD</b>	Respondent demonstrates above average ability, understanding, experience and skills. Quote identifies minor additional benefits, with supporting evidence.	<b>7-8</b>
<b>ACCEPTABLE</b>	Respondent demonstrates the ability to meet the criteria, with supporting evidence.	<b>5-6</b>
<b>RESERVATIONS</b>	Satisfies a minimum of the criteria but not all. Reservations about the Respondent to adequately meet the criteria. Little supporting evidence.	<b>3-4</b>
<b>SERIOUS RESERVATIONS</b>	Extremely limited or no supporting evidence to meet the criteria. Minimum effort made to meet the criteria.	<b>1-2</b>
<b>UNACCEPTABLE</b>	Does not comply or meet the criteria at all. Insufficient information to demonstrate the criteria.	<b>0</b>

## SECTION 4: View the ROI Process, Terms and Conditions [here](#)

## SECTION 5: Glossary

Terms	Definition / explanation	Also known as:
<b>Attempted suicide</b>	a range of actions where people make attempts at suicide or take their life that are non-fatal.	Non-fatal attempts
